

## **2016 Fall Ball Information**

Atlee Little League offers Fall Ball to give all of our kids the opportunity to learn the game of baseball/softball while having fun. Fall ball is designed with scheduled practices in between games to provide the extra time for the kids to gain some valuable skills that will help them the following spring season. For the fall, we urge parents to register their child in the division that their child will participate in spring 2017.

**Cost:** \$ 65.00 per player (There will be no family discount rates used for the fall)
